Skills

Languages: JAVA(Basic), SQL

Web Technologies: CSS, HTML

Languages

Telugu
English
Hindi

Objective

To secure a position utilizing my skills in software development across all layers
and contributing to the success of the company with my analytical,
problem-solving, and communication skills.

Education

B. Tech in Electrical Engineering
Kakatiya Institute of Technology, Warangal, Telangana
2025

Intermediate
Akshara Junior College, Hyderabad, Telangana
2021 - 96%

SSC
Martin's Grammar High School, Mancherial, Telangana
2019 - 97%

Projects

High Gain DC-DC Boost Converter

Designed and implemented a high gain DC-DC boost converter to improve
voltage output for various applications. I conducted thorough testing and
performance evaluations to ensure efficiency and reliability under different load
conditions. Utilizing advanced simulation tools, I modeled and
predicted the converter's behavior before physical implementation.

Internships

Full Stack Web Development
Internshala
Developed and maintained front-end and back-end components, implemented responsive designs,
and built RESTful APIs.
Collaborated on code reviews and troubleshooting, enhancing functionality and user experience.

Industrial Trainee
Thermal Power Plant Engineering
Acquired knowledge on engineering principles related to thermal power plants.

Certificates

SQL and Relational Database-IBM Developer Skills Network
Java-Hackerracker
